Elevate Your Perspective

Above Display Camera Mount
for Heckler Mobile Fleet
H1043

Heckler

Heckler

***Shown mounted to Heckler Collaboration Stand with a 65-inch display. All solo separately.**

Heckler

Position video bars and PTZ cameras above your display to create ideal camera positioning for large conference rooms, all hands meetings, and touchscreens.

Features

Universal camera-mounting hole pattern is compatible with wall mounts for most video bars.

Storage space for power adapters and extra cables conveniently located directly near the video bar.

Camera mounting plate can be positioned vertically for video bars or horizontally for PTZ cameras.

Center your video bar or PTZ camera above displays with VESA 400 to VESA 800 mounting patterns.

Included cable managers neatly route cabling from the device down the columns of the rolling stand.

Commercial-grade, heavy steel construction.

Made in Arizona. TAA Compliant.
