The Device Panel for Heckler Mobile Fleet is your all-in-one solution for creating sleek, component-based mobile video meeting setups. Designed to seamlessly integrate with Heckler's Collaboration Stand, XL Display Stand, and Dual Display Stand, this versatile panel provides robust mounting options for your video bars, UC compute, and adapters while keeping cables neatly concealed.

## Features

Seamless mounting on Heckler Mobile Fleet rolling stands.

Velcro strapping points keep cables neatly managed.

Supports VESA 200 to VESA 1000 display patterns.

Mount devices up to 2.5 inches tall, like Mac mini.

Mounts at top or bottom of display for flexibility.

Felt Right cover available in 42 vibrant colors.

Universal camera mount fits major video bar brands.

Customize cover with logos in white, single, or full color.

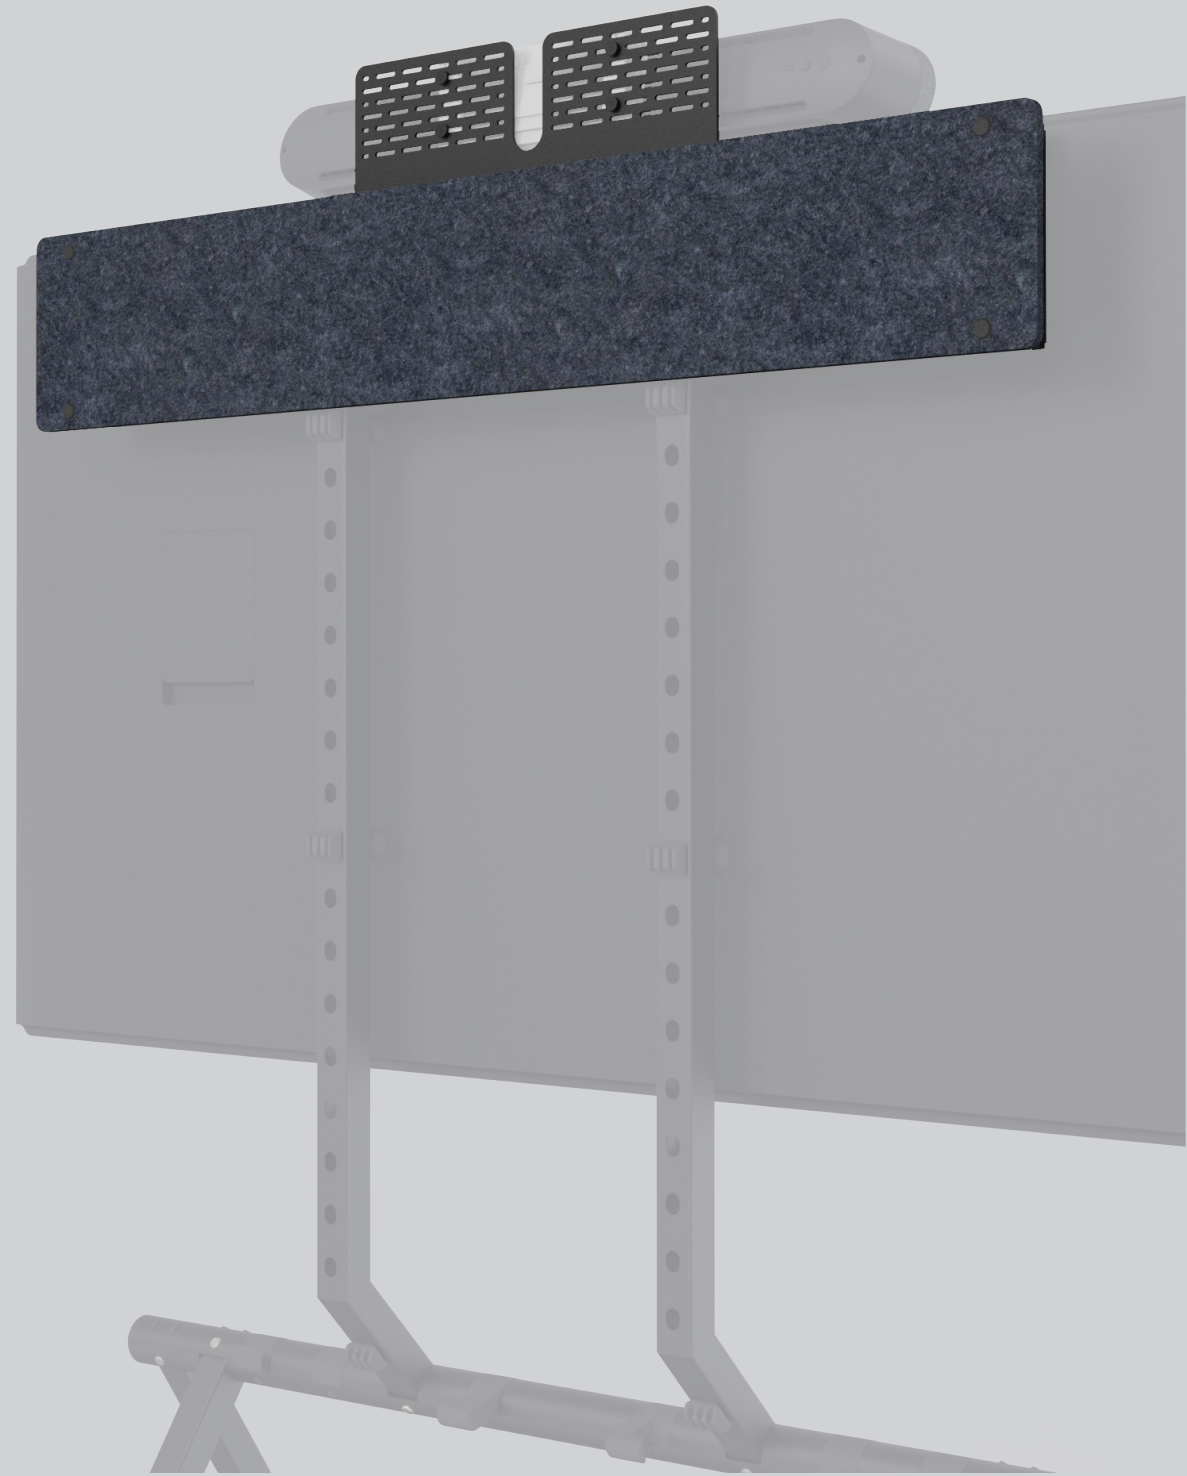

Adjustable camera height for optimal video framing.

Tool-free installation for panel, camera mount, and cover.

Heckler Grid organizes devices, cables, and power bricks.

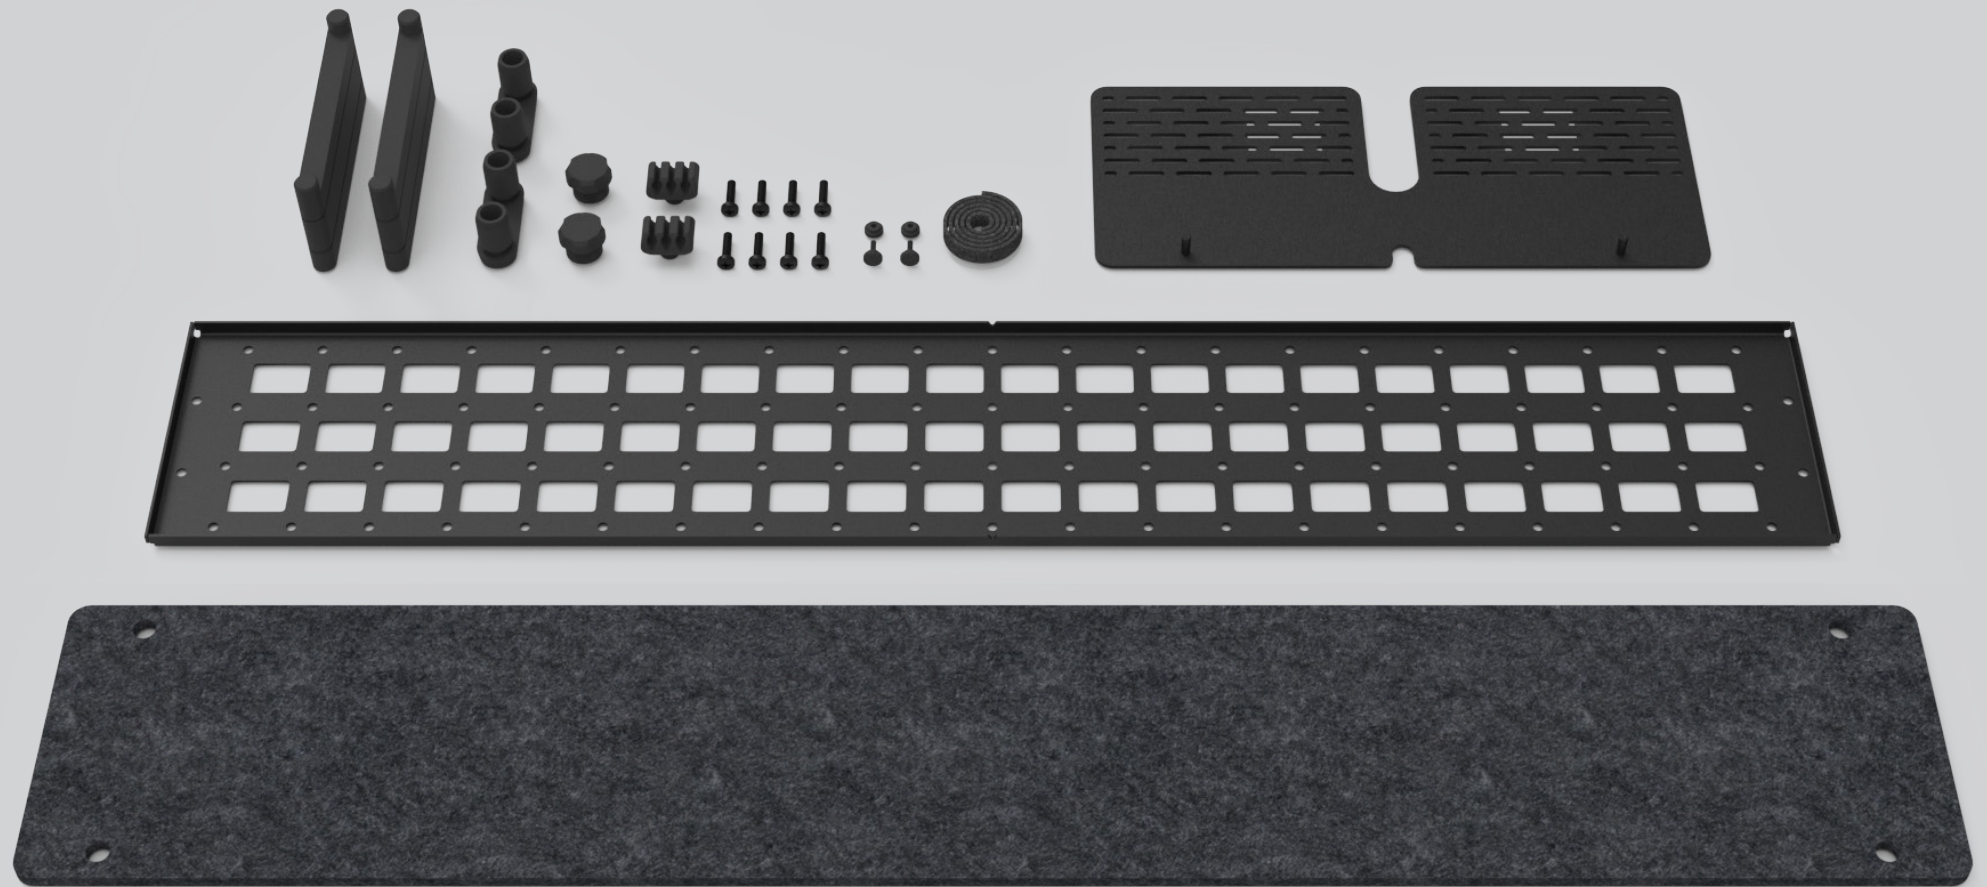

Compact shipping – up to 39 units per freight pallet.
