Standard Modesty Panel Sets are the colorful and cost-effective way to create captivating lecterns that elevate your learning environments. Standard modesty panels are made with FeltRight™ - a high-density, commercial-grade, engineered PET felt that has a warm, wool-like appearance.

Features

Personalize with 42 modern colors—vibrant or sophisticated tones available.

Customize panels with your logo, seal, monogram, or school shield.

Made from premium Felt Right felt that accepts push pins easily.

Made from 50% post-consumer, one-time use PET.

Class A fire rated, resists microbes, and emits no significant VOCs.

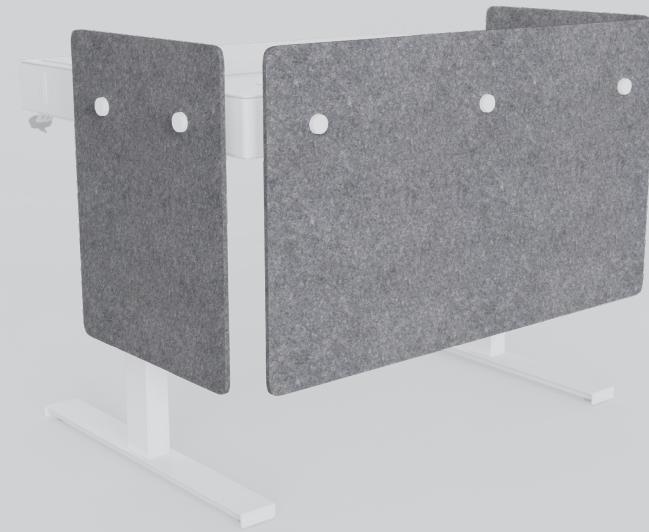

Install after AV build with no tools; hardware included with your lectern.

Swap panels easily to refresh space while keeping your lectern.

NRC 0.35 panels absorb 35% of ambient sound.

Helps quiet AV component noise and create focused learning spaces.
