Easily mobilize extra large displays across your entire organization with Heckler XL Display Stand. One rolling stand designed for digital signage, touchscreens, all-in-one video meeting displays.

## Features

Natively compatible with displays with mounting patterns from VESA 400 to VESA 1600.

ADA-compliant when mounting displays with widths up to 100 inches.

Neatly route and store cabling with included cord managers and cord-wrapping posts.

5-inch twin wheel, total-lock casters.

Patent-pending Heckler Connection System enables two-minute, tool-free assembly and disassembly.

Tool-free display mounting system. M8 mounting hardware included. M6 mounting hardware sold separately.

Capable of positioning most large displays 42 inches above the floor to enjoy eye-line camera mounting below the display.

Mount displays up to 220 pounds.

Multiple stands nest compactly to maximize storage floor space efficiency.
