

Heckler

**Heckler Front Mount
for Neat Pad
H782**

Heckler

Modern modular wall systems often feature glass panels that sit nearly flush with the mullions, making it difficult to mount room schedulers. Heckler Front Mount for Neat Pad offers a simple, elegant solution designed specifically for these challenging installations.

Features

Use in combination with Neat Pad, Neat Pad Mount Adapter, Neat Pad Wall Mount.

Integrated urethane bumper between the mount and the glass wall ensures a rigid screen-tapping experience.

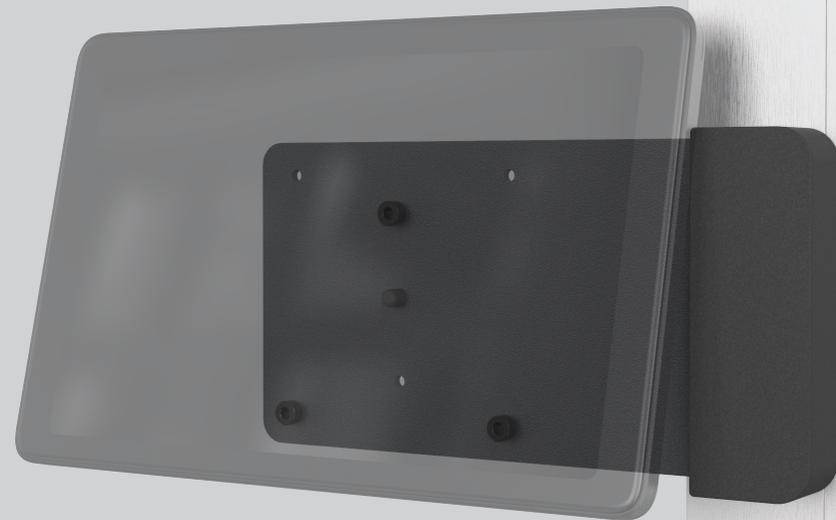

Included jig for marking your mullion mounting holes.

Magnetic front cover obscures the mounting hardware and CAT cable.

ADA compliant when mounted within 48 inches above the finished floor.

Made in Phoenix, Arizona.
TAA Compliant.

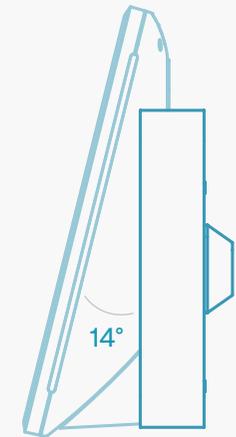

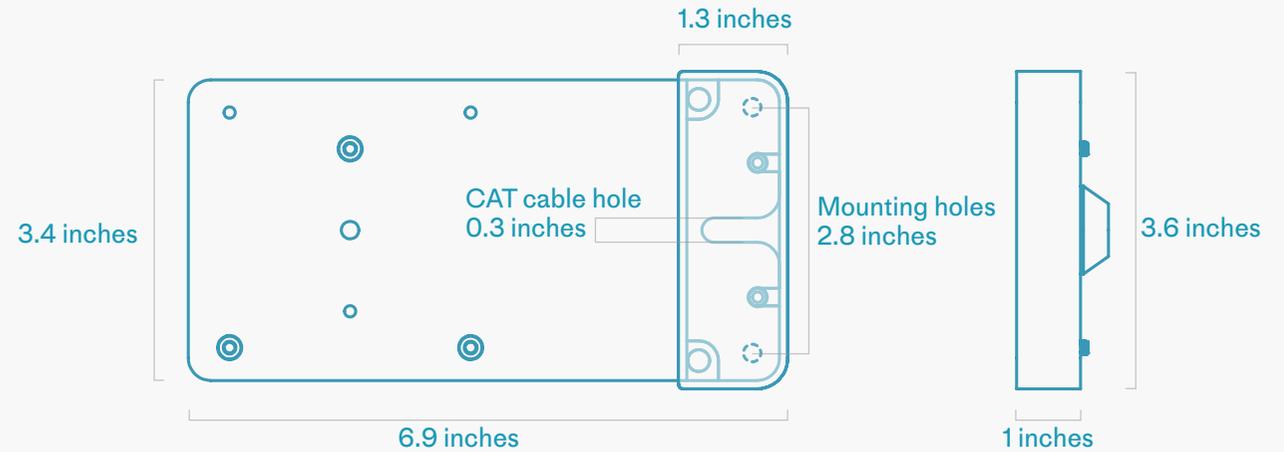

Heavy steel construction.
