

Heckler

# Create A Front-Row Experience

Stand for Enhanced Microsoft Teams Rooms  
H906

Heckler

# Heckler

With this special stand you can combine an Epson short-throw projector with a Jabra PanaCast 50 to create an impressive telepresence solution based on Microsoft Teams' Front Row experience.

## Features

Commercial grade, welded steel main structure.

Scratch-resistant and fingerprint-resistant powdercoat finish.

Includes two rack-units of component storage.

Store and organize components and wiring in the locking, ventilated compartment with open access to floor outlets.

Leveling feet and carpet spikes included.

Camera-mounting neck adjusts during installation to place the camera lens at 37 inches to 40.2 inches AFF.

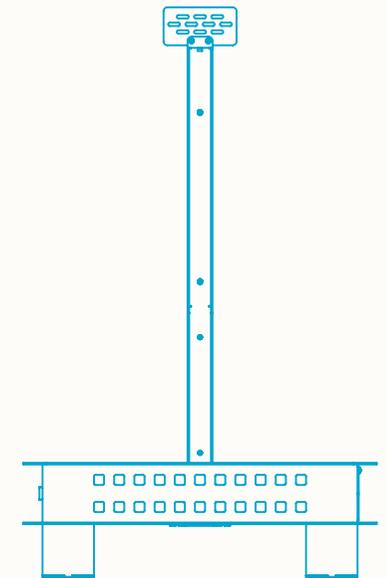

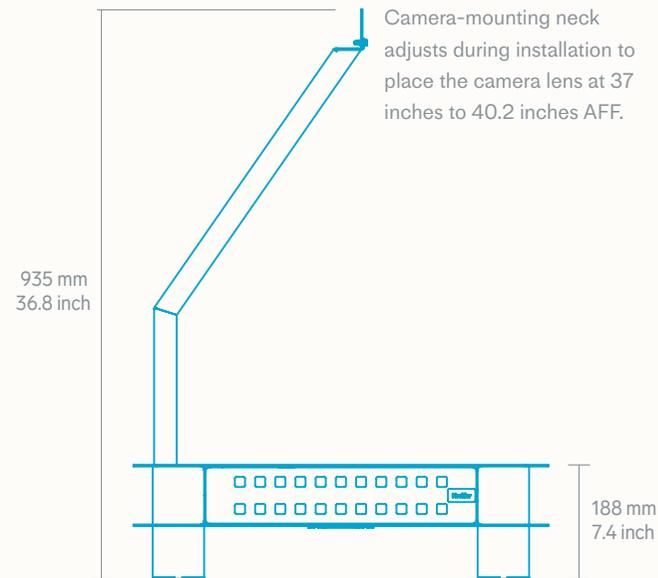

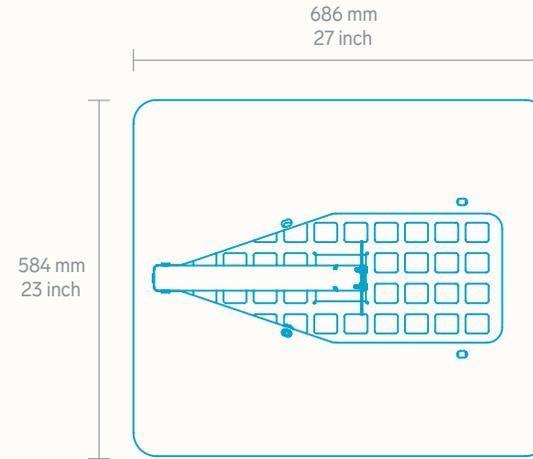

Compatible with Epson EB-PU1007B projector and Jabra PanaCast 50.

# Heckler
