Heckler

Enhance your Heckler Confidence Stand with the Device Shelf—your solution for a tidy and efficient confidence display setup. Deploying a high-functioning display often involves managing small components, adapters, and power strips. This specially designed shelf attaches tool-free, providing a convenient and aesthetically pleasing home for all your essential gear.

Features

Maintains an aesthetic, clutter-free setup—no need to drape or conceal the backs of your confidence displays.

Shelf surface comprised of Heckler Grid for effortless strap-mounting of small components, adapters, and cabling.

Includes rear and side rigid PET panels that elegantly conceal your equipment from the audience's view.

Mount, configure, and wire-manage your gear on the Device Panel from the comfort of your benchtop, then effortlessly install the shelf onto the Heckler Confidence Stand—no tools needed.

Made in Arizona. TAA Compliant.

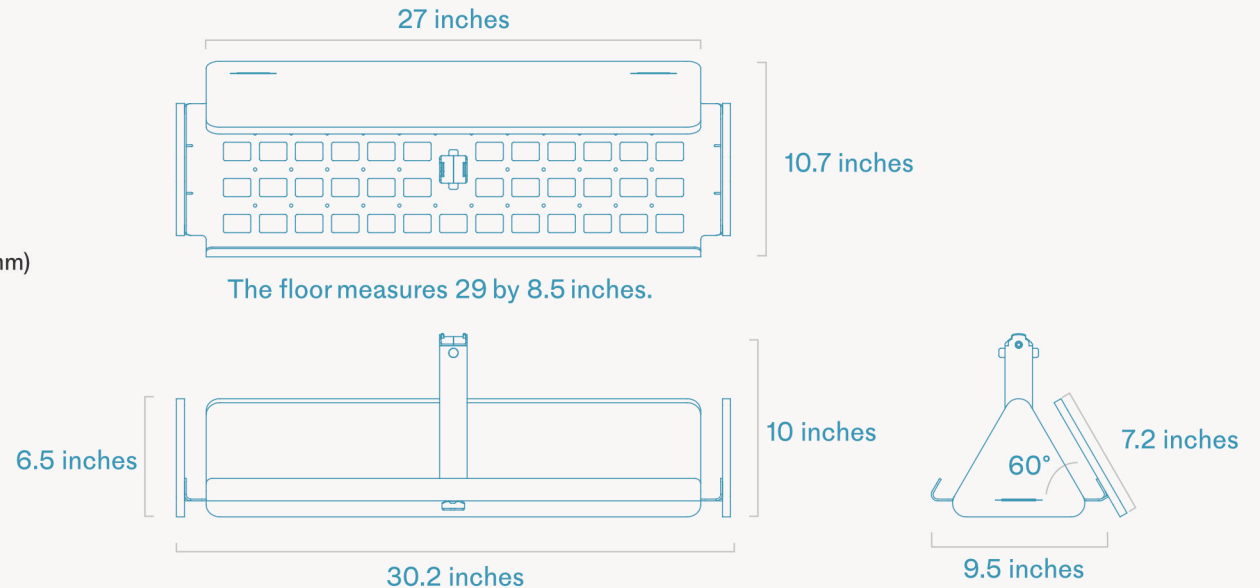

Heckler
