Heckler

Heckler Stand for Rally Board 65 brings the power of Logitech Rally Board to every corner of your workplace. Purpose-built for stability, mobility, and simple setup, this stand makes it easy to roll collaboration wherever it's needed. With its rugged steel construction, smooth-rolling casters, and clean, compact design, it's strong, sleek, and ready for action—made in the USA for teams who move fast and think big.

Features

Purpose-built for Logitech Rally Board 65. Integrated cable management routes power, USB, and Ethernet cables neatly.

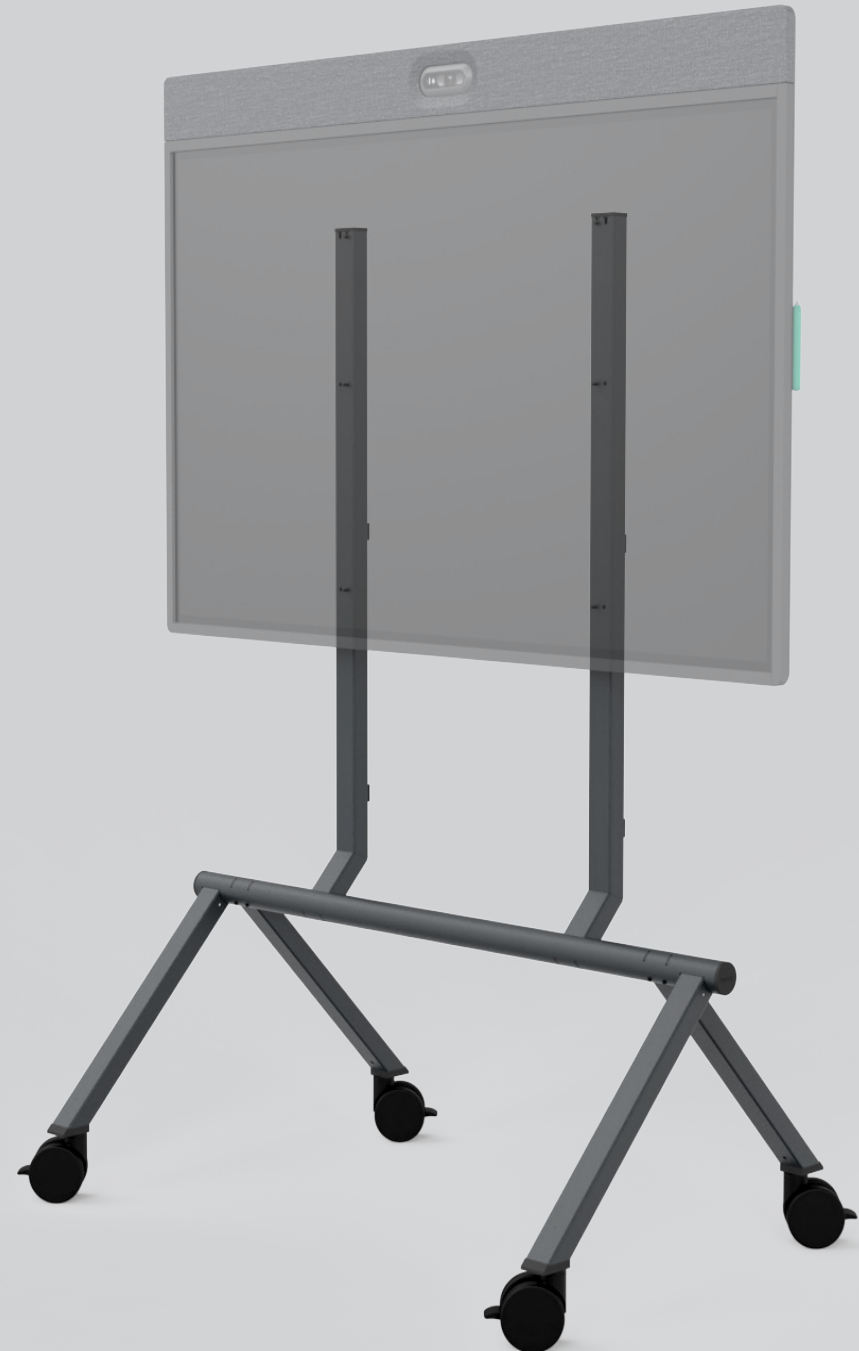

Support mounting with camera above or below the display. Wider column spacing increases rigidity for interactive use.

Compact, nesting design enables efficient storage and deployment. Fast, five-minute assembly process.

Features the patent-pending Heckler Connection System for fast and rigid assembly. Box volume is over 95% smaller than other Rally Board stands.

Manufactured in the USA with premium steel and durable powder coat finish. TAA compliant.

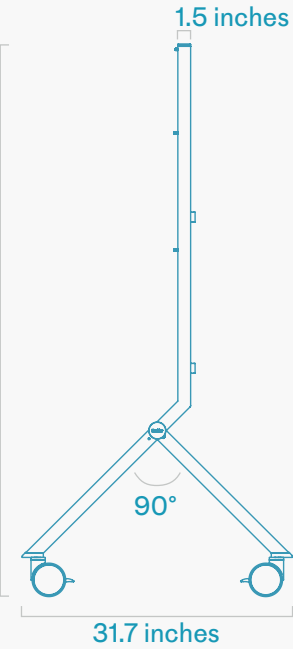

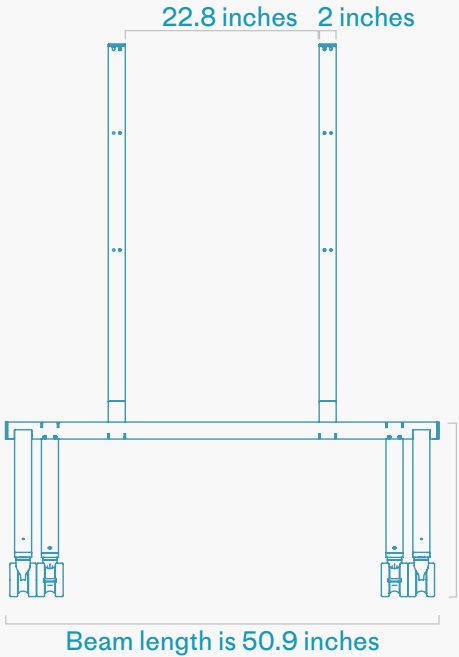

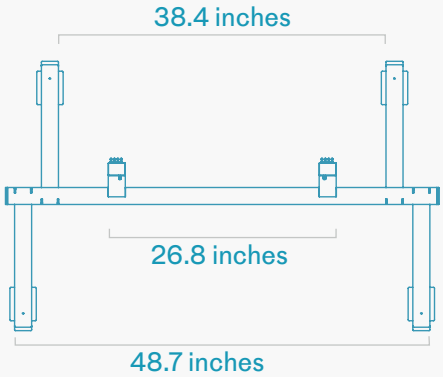

ADA and ACA compliant.
