Heckler

Easily mobilize collaboration displays across your entire organization with Heckler Collaboration Stand. One rolling stand designed for digital signage, touchscreens, all-in-one video meeting displays, and component-based video meeting builds.

Features

Natively compatible with displays with mounting patterns from VESA 200 to VESA 800.

ADA-compliant when mounting display sizes up to 75 inches.

Neatly route and store cabling with included cord managers and cord-wrapping posts.

4 inch twin wheel, total-lock casters.

Patent-pending Heckler Connection System enables two-minute, tool-free assembly and disassembly.

Tool-free display mounting system. M8 mounting hardware included. M6 mounting hardware sold separately.

Positions most 75-inch displays as high as 42 inches above the floor to enable eye-line camera mounting below the display.

Mount displays up to 220 pounds.

Multiple stands nest compactly to maximize storage floor space efficiency.

Heckler
